

Golden City Communities

"The Ascended Masters have spoken about the remarkable changes in human psychology and needs that will occur as we progress into the New Times."

by Lori Adaile Toye

There are many aspects about the Golden City Vortices that the Ascended Masters have shared with us. According to their prophecies and spiritual teachings, each Golden City Vortex is not only a protected area to live in the event of Earth Changes, they are also areas where major lei-lines of the Earth's Grid intersect and create an Energy Field. This Energy Field has a certain structure and quality that is contained in every Vortex, but there are also unique qualities that are contained and expressed in each individual Golden City. Here is a quick review and description of the Five United States Golden City Vortices:

- 1) GOBEAN: Arizona and New Mexico. Qualities: Personal transformation, harmony and peace. Master Teacher: El Morya. Ray Force: Blue Ray.
- 2) MALTON: Illinois and Indiana. Qualities: Fruition and attainment of desires. Master Teacher: Kuthumi. Ray Force: Ruby Ray.
- 3) WAHANEE: Georgia and South Carolina. Qualities: Freedom and justice for humanity. Master Teacher: Saint Germain. Ray Force: Violet Ray.
- 4) SHALAHAH: Montana and Idaho. Qualities: Personal healing, abundance and prosperity. Master Teacher: Sananda. Ray Force: Green Ray.
- 5) KLEHMA: Colorado, Kansas, Nebraska. Qualities: Balance, harmony and peace for Mother Earth and humanity. Master Teacher: Serapis Bey. Ray Force: White Ray.

In the Earth Changes prophecies, the Ascended Masters have shared that five population areas of the United States will emerge in the New Times.

Question: Who and what are the Ascended Masters?

An Ascended Master is a person who has gone through the human evolutionary process and has liberated from the need to reincarnate in a physical body on Earth. Since they do not need to return to the Earth Plane, they are free from duality and the 'wheel of karma.' Their evolution continues in other dimensions, or 'lokas' of experience. Often, they take on students (chelas) still learning in the physical plane and become their Master Teacher.

and predates all of the world religions.

Hindu classifications of stages of spiritual advancement are documented in the Upanishads. They are: Siddha (perfected being); Jivanmukta (freed while living); Paramukta (Supremely Free-full power over death). Often, when an Ascended Being takes on a physical body to bring blessings to the world he or she is known as an Avatar. The proof of this perfected free body often casts no shadow, or makes footprints. Such Masters never appear in the gross public and have the power to become

invisible. It is said that Saint Germain often takes the form of a beggar or old woman and is identified by wearing a piece of violet-purple clothing. Sananda once said that he is not limited by form of any kind, therefore he may take on any form or appearance necessary for the task at hand.

The Spiritual Hierarchy, sometimes referred to as The Great White (Light) Lodge, is a fraternity of men and women, composed of Ascended Masters and their students dedicated to the universal spiritual upliftment of humanity. Their chief desire is to preserve the lost teachings and spirit of the ancient religions and philosophies of the world. They are also pledged to protect against systematic assaults against individual and group freedoms that inhibit the growth of self-knowledge, development and personal choice. And, most importantly, their mission is to re-awaken the dormant ethical and spiritual spark that has almost disappeared among the masses.

"A Publishing and Educational Company that is dedicated to disseminating the Ascended Masters' message of Earth Changes Prophecy and Spiritual Teachings for self-development."

These population areas will center around the five Golden Cities. In the New York Times bestseller, "The Roaring 2000's," author and economic forecaster Harry Dent correlates this interesting prophecy in his chapter on the next great population shift and real estate boom. He predicts that twelve states are at the top to add population between the years of 1995 to 2015. Interestingly, Arizona (Gobean) is number 4; Georgia (Wahanee) is number 5; North Carolina (Wahanee) is number 7; and Colorado (Klehma) is number 8!

Dent's provocative book also outlines the upcoming 'Right Brain Revolution' and correlates this shift in human development to four stages developed by the founding father of modern psychology, Abraham Maslow. Maslow's famous Hierarchy of Human Needs illustrates that as we move from a survival stage, which focuses on basic needs such as food and water, we become less need directed. We move to a second stage of consciousness, which is defined as belonging, socializing and building relationships with others. This outer-directed urge develops into the third stage of self-esteem. At this level or stage of consciousness the individual is focused upon self respect, achievement, status, recognition, attention and

recognition, attention and leadership. At the fourth and final, or highest stage that Maslow observed is the inner directed consciousness of self-actualization. Dent predicts that right now we are witnessing the "Most massive advance in human psychology and development in history, but not without chaos and confusion," as one of the largest population groups, the Baby Boomers, makes shifts into the higher Maslow stages.

Throughout all of the I AM America prophecies and spiritual teachings, the Ascended Masters have spoken about the remarkable changes in human psychology and needs that will occur as we progress into the New Times. Often, they simply call this, "The New Consciousness." The energies of the Golden City Vortices also play a role in assisting this awakening. Since each Golden City has certain and subtle energies working through specific Ray Forces and Ascended Masters, this assistance reinforces spiritual growth and self-development to the higher, fourth level Maslow stage of self-actualization. It is then prophesied that humanity will make a tremendous growth collectively and enter into a new dimension of consciousness and expression beyond the four Maslow stages. This is what is known as the Ascension Process.

Beyond the higher Maslow stages of human development, the Ascended Masters have shared that existence is defined through Unity Consciousness or what they call the state of Unana. In this higher state of consciousness, human cells (DNA) becomes perfected and the light energy within the body reaches a point where the light bodies (aura) exceed the physical body. David Hudson's provocative research on superconductivity and the Miessner Field states, "You literally light up the room when you walk in. You are a light being, your mind is one with other people's minds. You literally know their thoughts and they know your thoughts. You're one mind and you are one heart." In the I AM America information, the energies of the Golden City Vortices, when properly understood and applied, are prophesied to propel consciousness through the fourth and fifth dimensions where we can experience perfect telepathy; full use of the brain (we only use 15%); physical regeneration; spontane-

ous healing; instant thought manifestation; and bi-location. Beloved Sananda often reminds us, "The minutes and the seconds tick, the Awakening is at hand. The time has come for man to receive the gift!"

Golden Cities function like large, intentional communities of electromagnetic energy. They are very expansive, when compared to the size of a town or city spanning almost 400 kilometers in diameter and over 200 miles high. Their influence is not intended for a select or small group. When understood in this context it is clear that the energies of Golden Cities are meant to influence many peoples, regardless of race, nationality, gender or religious affiliation. But what exactly is an intentional community? Geoph Kozeny, community expert, coordinator and writer for Communities Magazine defines an intentional community as, "A group of people who have chosen to live together with a common purpose, working cooperatively to create a lifestyle that reflects their shared core values. The people may live together on a piece of rural land, in a suburban home, or in an urban neighborhood, and they may share a single residence or live in a cluster of dwellings."

The history of intentional communities is extensive and not limited to 60's drop out communes. They range from the Essenes, to 14th century Hutterians, Amish, Quakers, artists, back to the land survivalists - even the early followers of Jesus banded together to simplify their lives. One very interesting intentional community of our times is the Findhorn Community located in northeast Scotland.

While the original founders, Peter and Eileen Cady and Dorothy Maclean did not intend to start a community in Findhorn, Morayshire, they were brought together in 1962 as part of their individual commitment to follow God's will. Once settled, their early work included direct communication and cooperation with the kingdoms of nature (devas and elementals) that led to the development of their world-renowned gardens. David Spangler joined the group in 1970 and soon the educational as-

Experience The Science Of Divine Intervention

GOLDEN CITY ENERGIES

Based On The Alchemical Formulas Of St. Germain.
Vibrational Mineral Waters from Golden City Vortexes.

DURING THESE TIMES OF GREAT CHANGE the Ascended Masters prophesied that the Golden City Vortexes would contain many new energy anomalies for humanity to learn, develop and evolve through. According to Master Saint Germain, certain minerals present within activated Golden Cities are vibration ally infused with energies that, *“Are put forward now, at this time, so that they can assist humanity in moving into the new dimensions and into understand and developing their Godship and Creatorship.”*

Working closely with this Beloved Master of Alchemy we have produced twelve of his Golden Age formulas containing these minerals to assist spiritual development and healing in this most wondrous time. Golden City Energies work at very subtle, spiritual levels and are a transforming, yet soothing blend from specific Golden City minerals and essential oils of matching ray forces found within the vegetable kingdom.

In early 1989 Saint Germain taught, *“The surface of this planet has offered herself to assist in the cleansing of the lower bodies of mankind.”* Through Golden City Energies, the science and blessing of divine intervention continue to expand healing, transformation and grace as we enter into the Golden Age.

Golden City Energies contain all natural ingredients and are for external use only.

The I AM America Story

Prior to a dream in 1983, Lori Adaille Toye was a farm wife and mother of three small children. Since she had been a student of Ascended Masters teachings from 1978, when four Beings in white robes appeared in her dream and unrolled huge maps of North America, showing imminent changes on earth, she quickly recognized these Beings as the spiritual teachers she had been studying. Though she didn't act on this dream for several years, this event marked the dramatic beginning of her life's work. Upon sharing her dream, a close friend responded, "Oh, if only those changes could happen. Because after those changes, there is supposed to be a global spiritual awakening."

Five years later, encouraged by more friends, Lori began to probe the dream through daily meditation, hoping that the details about the prophecy from her dream would be revealed. The four Beings in white robes appeared again and expressed willingness to share the information. Six months of transmissions began. There were over eighty sessions altogether. In the end, the earth changes material only comprised about ten percent of what was communicated to Lori by these Masters. The balance of the information was based in spiritual teachings. As the material was analyzed, it became apparent that this was the most detailed body of earth changes prophecy that the Western world had received in recent times. Although there had been other maps created a century before, no modern day prophets had received such impressive and specific details as this material. The Beings stressed that this prophecy was a prophecy of choice; there are possibilities for tremendous opportunities in cooperation and harmony, alongside the possibilities of tremendous cataclysm. The metaphor for personal and group consciousness became apparent, we are choosing our future every day of our life.

It was clear to Lori that she had to produce the map. At that time, the only available means of financing the project was for Lori to sell her home. In a depressed market, her home sold on the first day and,

at her full asking price. This was her first sign that the map was supposed to be produced. Now, she struggled with ethical issues. She became concerned that people might misinterpret the message as "doom and gloom" without seeing the metaphor for personal change or considering the spiritual teachings attached to the map. In September, 1989, the full color version of the I AM America Map showing the earth changes prophecy for North America was produced. Distribution began immediately. With the last proceeds from the sale of her home, Lori launched a lecture tour of the Northwest and California. Overnight, there was a heavy demand for her as a speaker, articulating the message and the metaphor behind the map. Clearly, there was an energy literally drawing people to the map and its message. All her dreams were coming true.

In February 1990, Lenard Toye sat peacefully in meditation. Suddenly he was told, "Go to Lori." Startled by the commanding voice, he was also perplexed. He did not know anyone by the name of Lori. Two months later a friend shared his copy of the I AM America Map. The Earth Changes Map of the United States was very affirming. Many years earlier, young six-year-old Lenard realized that he was different than most kids. He often had visions and could see the light field or aura, around a person. Once he sat beside the Delaware River with his father as the future flashed clairvoyantly before him, "Look, Dad, the ocean's here." But to Lenard, the most interesting feature of the map was not the radically changed coastlines. At the bottom, in small type, the author's name was Lori.

In July of 1990, he finally met Lori. She was living in the little town of Asotin, Washington and a single mother. I AM America Maps were rolled at the kitchen table. There was no staff, business phone number, and orders were collected at the local post office that had arrived by 'word of mouth.' Lenard immediately saw that he needed to help. But he had no prior office experience whatsoever. Yet, he loved a challenge. He was a professionally trained Opera Singer, and knew that hard work and perseverance always paid off.

Lenard began to call agencies to distribute the map. Unfortunately, no one was able to handle such an item. They would have to continue to distribute and mail the maps themselves. A small office was rented and work on transcribing tapes began. Lenard and Lori's vision for I AM America placed an emphasis on sharing the Ascended Masters' prophecies as spiritual warnings, designed to heal and renew our lives. They organized free classes of the spiritual teachings. In 1992 Lori and Lenard became husband and wife, and their instructional pursuits led them to Philadelphia, where they formed the School Of The Four Pillars that included holistic and energy healing techniques. Over 200 students enrolled, but by 1994 the I AM America office, which had relocated to Payson, Arizona had news. The I AM America Map would be featured on NBC's Ancient Prophecies. Soon, the Ascended Masters' prophetic message would be shared with millions.

They quickly assembled a small staff to help fulfill orders. The phone rang constantly and local volunteers rolled maps. Many people identified with the prophecy and had similar experiences. Everyone wanted to learn more. During the next six years Lori and Lenard's teamwork produced the New World Atlas Series, Vols. 1-3; the Freedom Star World Map and Book; the 6-Map Scenario; and The United States Golden Cities Map. In 1995 and 1996 they sponsored the groundbreaking Prophecy Conferences in Philadelphia and Phoenix.

Today, the I AM America Foundation is a publishing and educational company that is dedicated to disseminating the Ascended Masters' message of Earth Changes Prophecy and Spiritual Teachings for self-development. Lenard and Lori and a small staff of volunteers operate it, yet often it is still Lenard's friendly voice that will take your order or answer a question. "But be careful," he says with a smile, "I can see you over the lines." Their books, maps, tapes and important spiritual message that "A Change Of Heart Can Change The World," have been received throughout the United States, and over 30 foreign countries. Their work has been featured on NBC's Ancient Prophecies, FOX's Sightings, UPN's Paranormal Borderline, London's Carolton Television, Art Bell and in The New York Times and New Age Journal.

Personal Readings with Lori Toye

For several years Lori has been offering readings that apply the ancient science of India, Jyotish. Jyotish (pronounced Joeteesh) is the traditional astrology of India. Throughout time many forms of astrology have existed all over the world, and it is likely that Western Astrology was adapted from earlier Egyptian and Babylonian cultures. But Eastern Indian Astrology is very unique. Since India is a culture that has maintained its continuity from ancient times, uninfluenced by the monotheistic religions of Islam and Christianity, a more comprehensive astrology has survived. Lori chose to study Jyotish as it is also an ancient knowledge directly related to Ascended Master Teachings. Sri Yuteswar, who is the well known Master Teacher of Paramahansa Yogananda, was an adept Jyotishi and a student of the educational lineage of Himalyan Avatar Master Babaji. Known as the 'Science Of Light', Jyotish is also the intricate personal science of the Seven Rays Of Light and Sound. The Grahas (graha is Sanskrit for planet) weave a web of light and sound upon us at the moment of our first breath into our earthly bodies. Under the spell of this web of illusion, we are prisoners and held captive in the field of actions, bound to cycles of rebirth, karma (action) and dharma (purpose).

Jyotish was given to humanity before consciousness fell into the dark cycle of time, Kali-Yuga. It's origin is traced to the Vedic Rishi and seer, Parashara Shakti and his great work, Brihat Parashara Hora Shastra. Through understanding and applying this profound system, we reintegrate and master the

light and sound of the Grahas, and their cup pours spiritual light that illumines our life's journey to spiritual freedom and Ascension.

Jyotish is based upon the Sidereal Zodiac, which corresponds to actual constellations and the fixed locations of the stars in the sky. It's Zodiac also orients to a central galactic sun, known as The Galactic Center and it takes approximately 25,000 years for the Earth to make a full circuit. The famed psychic Edgar Cayce used a sidereal system, and predicted that it would prevail over time. According to Dr. David Frawley, "Vedic astrology has existed for over many thousands of years. A number of changes of equinoctial positions similar to our Age of Aquarius and similar shifts in the calendar have been recorded in it. The Vedic system and its zodiac are based upon a continuity of culture that goes back to the Age Of The Gods when human beings still had communication with the intelligence of the cosmos."

pects were organized into a curriculum that established a University Of Light, welcoming guests to learn about and experience the God within. Today, approximately 450 people reside in Findhorn and the Findhorn Foundation supports many efforts worldwide aimed towards organic and sustainable agriculture, reforestation, ecological architecture, alternative energy, resource conservation and wholistic health care.

In the 1940's Paramahansa Yogananda of the Self-Realization Fellowship proposed the formation of "World Brotherhood Communities" to practice "simple living and high thinking." In 1968, his disciple Kiryananda created Ananda Village on 700 acres of land. Yogananda always stressed that, "Environment is stronger than will power," suggesting that like minded souls on a similar spiritual path could create the ideal atmosphere for healing, personal change and self-improvement. Yogananda wrote in Autobiography Of A Yogi, "A small harmonious group here may inspire other ideal communities over the earth. A colony exemplifying world brotherhood is empowered to send inspiring vibrations far beyond its locale."

Most intentional communities seem by inspiration to reflect certain religious or spiritual teachings. The Golden City Vortices also encourage and foster spiritual growth and personal development and offer a unique anomaly. The architecture of the massive, pyramidal Vortices is designed by the Ascended Masters in cooperation and harmony with Mother Earth. Saint Germain reflects on this profound truth in this 1989 Earth Changes prophecy, "The surface of this planet has offered herself to assist in the cleansing of the lower bodies of mankind." The sacred symbology of the Golden Cities reinforces how man's consciousness, at this time, is evolving from a third dimensional orientation to fourth and fifth dimensional awareness. Introductory information about Golden Cities always refers to these areas as 'protected' and that they would serve as a focus for "interaction with spiritual energy."

Freedom Star Book

The Power Of Prophecy has always been held in the Power Of Interpretation. The Oracles Of Delphi were surrounded by five interpreters who gave their insights on each prophecy. Native American prophets traditionally utilized one or several steadfast translators to share their messages and Ancient Hebrew Prophets never allowed prophecy to be heard unless if it was scrutinized three times. In all cases of ancient prophecies, it was extremely rare for the prophet to interpret or to publicly share the gift of prophecy. In this rare and unique booklet, Lori Adaile Toye honors the ancient tradition of interpreting prophecy. Acting as prophet, translator and interpreter, she utilizes the Ancient Threefold Technique for the Ascended Masters' World Earth Changes Map, Freedom Star. This booklet contains extremely detailed and stunning information for the Americas, Europe, Africa, Japan, Asia and Australia. Concise literal descriptions of prophesied events and a pull out 8 1/2" x 14" Earth Changes Map of the World.
